EXPERIENCE

Software Developer @ Elogosoft Solutions (Infopark , Kochi)

[july 2022 - Current](#)

As the main front-end developer, I create modern web app interfaces using React, SCSS, TypeScript, and Tailwind CSS. My goal is to update an old desktop app to a sleek web platform that's mobile-friendly and minimal. Our US-based client serves RV builders, and I prioritize an intuitive user experience, continually seeking feedback to optimize the app for their industry and audience.

Software Developer @ Claysys Technologies (Infopark , Kochi)

[March 2020 - january 2022](#),

Developed and implemented projects for clients based in Dubai with advanced react technology Next js and responsive design. where able to deploy projects on versel, worked with technologies Javascript, Next js, React js,scss , tailwind CSS,versel, d3js, redux toolkit, Bootstrap. Used Figma and adobe xd for design reference and prototyping from designers
